Dear Dr. Palii,

it is still with great shock and disbelief that we follow the alarming and horrific events of the past few days happening in all of Ukraine. We vigorously condemn the acts of war performed by the Russian government towards the Ukrainian people. We send our heartfelt condolences to the families and friends of the ones who lost their lives to these barbaric acts of violence. We wish you and all Ukrainian people strength, confidence and hope during these difficult times and send our deepest sympathy to all affected. Please stay safe and healthy!

BDP condemns any violation of international law and any act of war in the Ukraine! We declare our solidarity with all affected people and call on the political leaders to do everything in their power to bring about peace. The answer of the UN General Assembly shows the power of international community which gives us further hope.

Our thoughts and solidarity are with all Ukrainian people. We are deeply impressed by the resilience of your nation. Please let us know if there is anything we can do to support you and our Ukrainian colleagues.

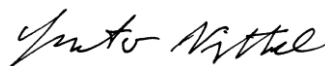

Yours sincerely,

Dr. Meltem Avci-Werning
