Dear Jennifer F. Kelly,

it is with deep regret that we learned about the loss of Albert Bandura OC, PhD, who was one of the most significant pioneers in his field, a venerable colleague and an inspiring example for so many psychologists around the world.

We send our heartfelt condolences to his family and friends, to you and your associates at the APA and to all colleagues overseas.

Albert Banduras influential work as a psychologist, social scientist, researcher and not least as past APA president will be deeply missed and never forgotten. His intellectual heritage will undoubtedly be carried further by many generations of psychologists to come.
